Robert M. Kershner, M.D., M.S., F.A.C.S.

Short Biography

Robert M. Kershner, M.D., M.S., F.A.C.S., is a board-certified ophthalmic surgeon and internationally recognized educator. Over the course of his career, he has performed more than 32,000 microsurgical procedures and has lectured across North America, Europe, Asia, and Australia. Dr. Kershner translates complex medical science into clear, practical guidance for patients and audiences. He is the author of Seeing for Life®: Clear Vision to Age 88 and Beyond, a modern, evidence-based roadmap for protecting and preserving vision throughout life.

Lecture Topics

- Seeing for Life: A Roadmap to Lifelong Vision
- Protecting Vision and Independence After 60
- Modern Cataract & Refractive Surgery
- Digital Eye Strain & Lifestyle
- Vision Longevity: Habits That Work
